## WHO ARE BROOKS TRANSPORT?

Brooks Transport is a part of the Brooks Hire Group, an Australian family owned and operated business since 1979. With over 40 years of experience in mining and construction equipment transport, Brooks Transport has the freight and logistics capabilities to convey your equipment safely and efficiently to any job site in Australia, no matter how remote.

*We specialise in the freight of heavy plant and machinery.*

## WHAT CAN WE OFFER YOU?

### ■ OVER 40 YEARS OF EXPERIENCE IN MINING AND CONSTRUCTION EQUIPMENT TRANSPORT

■ Brooks Transport has the freight and logistics capabilities to convey your equipment safely and efficiently to any job site in Australia.

### ■ STATE OF THE ART FLEET

- Our fleet of late model prime movers and low loaders are able to carry loads up to 85 tonnes.
- Brooks Transport also offer tipper trucks, side tippers, freight trucks, tilt trays, trailers and dolly trailers for hire.

### ■ A TEAM OF PROFESSIONALS

- Our team of experienced transport coordinators and drivers will work with you to offer transport solutions for any heavy haulage job.
- You can trust Brooks Transport to deliver your equipment on time, every time.

### ■ TRANSPORT & DELIVERY AUSTRALIA WIDE

- 18 Branches Australia wide. Delivery can be facilitated to any jobsite in Australia.

## OUR STORY

Brooks Transport is a division of Brooks Hire which was established in 1979 by Doug Brooks. Back then, as a long haired teenager, Doug decided to take a risk and borrow money to buy 2 dismantled compressors, which he fixed and started hiring out. What started as 2 compressors on hire, soon turned into 12 pumps on hire. At the time, Doug was operating the business out of a shed in Eneabba while living in a humpy at the back of the shed and also working locally as a fitter. He used his F350 truck to deliver his pumps and compressors to job sites.

In 1982, Doug Brooks purchased his first piece of large mobile equipment, an 8 tonne JEC crane. The problem was, that the machine was located in Perth, and he needed to get it to Eneabba, some 300kms away. Unable to afford the cost of transport, and unable to fit the crane on the back of his F350, Doug decided to drive the crane there himself. After a slow and grueling 13 hour drive, and a near miss with a passing truck, Doug decided that he needed to come up with a safe and efficient way to transport his machines. This is when the decision was made to purchase his own truck.

*100% Australian owned & operated since 1979*

It was some years later that Doug purchased his second truck, and then the third. By this time, his business had grown too big for his shed in Eneabba, and he built his own premises in Coulson Way, Canning Vale. His family was also growing with the addition of his wife Roma, sons Keith and Stuart, and daughter Lenore.

Today the company has grown to be Australia's largest privately owned equipment hire business and is still being operated by Doug Brooks and his family. We are proud to be 100% Australian family owned and operated with a fleet of transport vehicles all over Australia.

## OUR FLEET

Our fleet of late model prime movers and low loaders are able to carry loads up to 85 tonnes. In addition to our heavy prime mover and low loader transport service, we also offer tipper trucks, side tippers, freight trucks, tilt trays, trailers and dolly trailers for hire.
